## Post-Award Immersion - From Recognition to Remembrance

A Curated Retreat for Burj Global Power Delegates and Friends

 **March 28 – April 1, 2026 (5 Days, 4 Nights)**

 **Villas Xichú, San Miguel de Allende, Mexico**

After the Burj Global Power Awards Ceremony in Washington, D.C., a select group of award recipients are invited to continue the journey at **Villas Xichú in San Miguel de Allende, Mexico.**

Washington celebrates what you have achieved. San Miguel invites you to remember who you are.

You have been seen.

You have been applauded.

You have been recognized.

This is not a second event.

It is the completion of the first.

The award given by the world is integrated through the award you give yourself.

**Now comes the quiet moment.**

At Villas Xichú, there is no stage and no performance. There is space, beauty, ancestral wisdom, and presence. This is where the noise settles, and greatness remembers its source. Consider this the award you give yourself.

## The Essence of This Retreat

It is designed for integration, grounding, and remembrance. This is not a productivity retreat. It is a clarity experience for leaders.

This gathering is intentionally not program-heavy.

Its power lies in experience, presence, and remembrance.

The retreat is built on three core pillars:

### **1. Experience Villas Xichú, a hidden gem of San Miguel de Allende**

Villas Xichu is a living, handmade sanctuary not a hotel.

Xichú (he-shuuu) means sisterhood of grandmothers in the local ethnic language otomi.

It is a Life Celebration Center founded by our CEO Club 12 year span CEO Clubs member

**Gloria Belendez-Ramirez**

Each villa is unique, crafted by hand, carrying story, art, and intention. Guests are not accommodated here; they are received. The space itself slows the nervous system and restores inner rhythm [www.villas-xichu.com](http://www.villas-xichu.com)

### **2. Experience the Land & the Weather**

Early April in San Miguel de Allende offers ideal conditions:

❖ Warm, luminous days   ❖ Cool, gentle evenings   ❖ Clear skies and open air

The climate becomes part of the healing and grounding experience.

### **3. Experience Gloria - Happiness Ambassador**

Gloria Beléndez Ramírez hosts this experience not as a speaker or facilitator, but as a guardian of space, presence, and meaning [www.backtojoy.me](http://www.backtojoy.me).

## About Gloria Beléndez Ramírez

Gloria is a wife, a mother, and a business owner. She lives and flows from the heart, believing deeply in the power of admiration — because admiration transforms, alchemizes, and reshapes reality.

She speaks ten languages, has lived in several countries, and is married to the love of her life. After more than 42 years together, they remain deeply connected and happy, and she openly shares what she calls a marriage in admiration.

Gloria has written two books: *Spiritual Orgasms – Vivid Encounters in the Now* (2012), about living fully in the present moment, and *My Dreams Are Non-Negotiable – How I Became Financially Independent in One Second*. Her life philosophy is simple and lived: tsunamis and sunrises are part of the same movement, and balance is found by standing in the middle — with awareness, language, and appreciative choice.

She is trained in Qigong and neuroplasticity and accompanies people in returning to their own divine origin, helping them bridge the space between “poor me” and “great we.” Her signature workshop, *The Language of a Happy Life*, explores how the way we speak shapes the way we live creating the own persona reality.

Following the Burj Awards in Washington, Gloria welcomes guests to Villas Xichú, Mexico, for five days and four nights — an invitation to move from being awarded to truly awarding yourself.

## Retreat Rhythm (March 28 – April 1)
